<b>General Comments:</b>	I thoroughly enjoyed observing your lesson in the sociology class and reading your observation sheets. You seemed to adjust very quickly to the new approach to the high school schedule. Your lesson also had some very strong elements of diversity subtly but powerfully presented. I have every confidence that you will be very successful in your student teaching placement. Your professionalism in front of the students was outstanding, and that attribute is going to take you a long ways in the profession of teaching.
