**Overall General Comments (please reflect on your preservice teacher's professional skills, pedagogical content knowledge, and his/her ability to take responsibility of student learning):**

Matt is in the middle of his social studies student teaching experience at Light of Christ Middle School in Bismarck, ND. Matt has a lot of energy and is motivated to make his lessons high energy and interactive. At this point, he is having some difficulty controlling the activities and keeping his students on task. That will be his challenge for the second part of his teaching experience. He is very comfortable using technology which is helpful when working with students of middle school age. Matt is very motivated to become a good teacher.
